1. **" AIREGIN FLOOD "**

HAS THIS FLOOD
FLOORED US?
ISN'T THIS A FLAW ?
WHERE IS OUR CLAW?
DO WE HAVE ANY CLOUT
TO FLOUT THE FLOOD ?
OR DO WE REMAIN FLOORED
BY THIS SAME FLOOD?
WE COULDN'T BUILD DAMS!
WE ARE DAMNED
IN THE RAIN
WHERE IS OUR REIGN ?
DO WE CONTINUE TO PRAY AND REMAIN AS PREYS ?
LET'S THINK AND ACT
OTHER THAN FAST AND PRAY !
THIS FLOOD HAS FLOORED US
AND THERE'S NO FLOUR
TO FEED ON
HUNGER'S CLOUT
EVERYWHERE !
NO IRRIGATION BUT THERE'S IRRITATION !
IF NIGERIA IS NOT DAMMED
NIGERIA WILL REMAIN DAMNED !

2. A HUMBLER OF HUMANITY- COVID-19

In November'19
I invaded your world
From Wuhan
I am spreading unabated
I am conquering everywhere
I am breaking new grounds
Which city has not fallen for me?
London is locked down
The Royalty is not spared
New York is at disarray
The World Police is confused
Paris is a ghost town
No new place for honeymooners
Rome is deserted
The Papacy and Vatican more confused
Mecca not spared
Jerusalem inclusive
I am Coronavirus
Christened Covid-19

Who humbles humanity more than me?
In Africa, I tread as a colossus
Jo'bourg is shutdown
Eko is under my iron grips
Aso Villa is locked down
I have taken its strong man
Accra has fallen
Is Madagascar any threat to me?

I have defied your efforts to contain me
Where are your technological expertise?
Where are your medical gurus?
Where are your virologists?
Am I not your real landlord?
Taciturn Leaders are now loquacious!

Who is really WHO?
I am your humbler!
Compare me not with Bubonic Plague
Or Spanish Flu
I am not HIV AIDS
I am not Ebola
I am Coronavirus
I am Covid-19
I am the humbler of humanity.
Who dares me?

I have a twin sister
She is hunger virus
She is hunvid-20
We will haunt you
Until you face your Creator to seek
His Face and take solace in Him
We can only respect Him
The grand designer of the Universe!

3. " HYPOCRICITY "

In this city,
Or do we say in Airegin?
Evil blames the Devil.
Sinners blame Sin.
The kettle calls the pot black.
In this same city ,
Thieves blame Chiefs.
Chiefs blame Thieves.
The youths are leaders of yesteryears
While the senile are leaders of tomorrow
In this city,
Criminals are Kings and kingmakers
Men of integrity are slaughtered daily
In the altars of persecution
Knowledge is berated and relegated

Education and Research institutes are always on strikes
Morons are leaders while Sages follow

It's only in HYPOCRICITY,
Where worship centres have become industries and industries become refuse dumps
We do not produce anything
Not even ordinary toothpick
But , we consume everything!
HYPOCRICITY is the prayer capital of the world
It has the most callous of beings ever
Even when garbed in their prayer robes!

4. "**GODCHI WORSHIPPERS** "

At Funeral ceremonies
The tear veiled eyes of the believer
Yell for a departed hero

At the state :
The believer cautions the departed;
Guide us!
Guard us!
From our evil neighbours!

At the final place of rest;
The believer pours libation;
Let your spirit not abandon us
Let your spirit always be with us
Let your spirit not sleep
Always avenge for us
In the name of our forebears
Amen!

On the service day
The believer mounts pulpit
In evangelism,
He speaks;

Speak not, brethren
To the departed ones
For they are no more!
Pour not, libation
For it it is a sin
AGAINST GOD!!!!!!

5. PORT HARCOURT SOOT

This soot is here to kill us
There is nothing soothing about the soot
The authorities are aloof
Is this a sort of conspiracy?
Every known surface turns black
This soot may soon kill us!
Do we lack the willpower to fight the soot?
"Kpo " fire operators
Christened illegal crude refining
This criminal economy is thriving in the Delta

The conspirators are the security agencies
They collect Army levy
They collect Navy levy
They collect Air Force levy
They collect Police levy
They collect Civil Defence levy
They collect Local Vigilante levy

This soot is killing us !
Who shall we run to ?
This soot is not soothing at all
Port Harcourt soot is a threat
To our collective healthy living
The Garden City is now a Soot City.

6. RIGGERS GAME

419ers dey complain
Ashawo dey complain
Agbero dey complain
Criminals dey complain
Fake pastors dey complain
Yahoo people dey complain

INEC...na dem bad pass you ooo
POS operators dey complain
Bankers dey complain
Lecturers dey complain
Managers dey complain
Lawyers dey complain
Judges dey complain
Polithiefícians wey pass no dey complain
Polithiefícians wey fail dey complain

All riggers dey complain now
When a rigger is rigged out of his own games !
Nigeria was rigged to become one
Ashawo dey rig him customers
419 na rigging!
Agbero na rigger!
Fake pastors dey rig for offerings and tithes !
Who no dey rig?
